PREMIUM LINE OF ENGINEERED
CUTTING FLUIDS

EXTENDED TOOL LIFE

A Div

STANDARD TAP MAGIC EP-XTRA

The best high performance, general purpose cutting fluid! For all metal cutting applications, keep this in your tool box to tackle any job.

HIGH VISCOSITY TAP MAGIC XTRA-THICK

The extreme performance heavyweight cutting fluid for the hardest metals up to 45 RC. Clings to the tool or blade for deep cuts or long duration jobs.

SOFT METALS TAP MAGIC ALUMINUM

Provides a great finish and is the most effective cutting fluid you can use for any metal application on aluminum, brass, copper, and other soft metals.

WATER - BASED TAP MAGIC AQUEOUS

Biodegradable, easy clean up, non-corrosive, water-based: If these are your metal working needs, this product meets your stringent requirements and performs extremely well!

FASTER MACHINING TIMES

MAGIC

CLOSER TOLERANCES

BIO - BASED TAP MAGIC PROTAP

Our biodegradable cutting fluid that contains no regulated chemicals or chlorine. Highly effective for all cutting operations on all metals.

HIGH TEMPERATURE TAP MAGIC ECO OIL

This low odor, biodegradable natural oil base can resist breakdown under extremely high temperature, even up to 600° F!

CLEANER TAP MAGIC MULTI-PURPOSE CLEANER/DEGREASER

The second step in any machining process is to remove any oils or debris from the tools or parts. This foaming, water-based cleaner removes fluid, grease, dirt, and coolant from your tools, equipment, and parts.

INHIBITOR TAP MAGIC CORROSION INHIBITOR

The final step before putting your tools away or sending parts out to your customers, this inhibitor will protect anything metal around your shop, outside or in! Stops corrosion and displaces moisture in a non-sticky, non-drying formula.

SUPERIOR MICROFINISH

The Steco Corporation first started making Tap Magic cutting fluids in 1953. From a single fluid we developed a complete line of versatile, engineered cutting fluids that will meet the demands of any modern machinist, fabricator, electrician, or welder.

For over 60 years we have invested time and effort into continuous research and development to create the best cutting fluids on the market to meet our customers' needs. We're able to do this because we understand our customers, our products, and the applications that each and every job needs.

Tap Magic products come in a variety of sizes, including aerosols and 30-gallon and 55-gallon drums for bulk or jobsite orders. They are easy to find as well since they are sold across the globe through an extensive network of top quality industrial supply distributors; visit our website today to find the nearest distributors for your location.

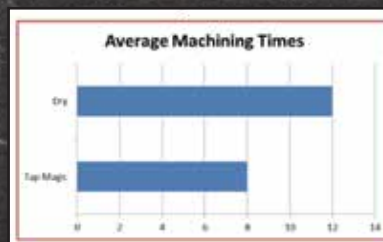

We are constantly working to improve our existing product line and introduce new products that will solve your problems in metal working. Try the Tap Magic product that works for your application today and see the difference it can make!

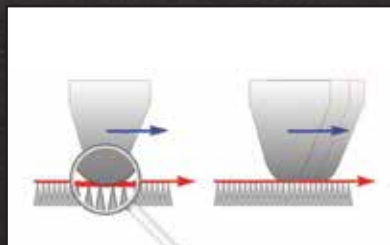

ENJOY THE BENEFITS OF USING TAP MAGIC BRAND PRODUCTS:

Extended Tool Life (2X or better!)

Faster Machining Time

Better Surface Finish

Closer Tolerances
